RE: Administrative approval for a non-standard gas proration unit in the Jalmat Gas Pool, Lea Co. New Mexico.

Dear Mr. LeMay:

Hal J. Rasmussen Operating, Inc. respectfully requests administrative approval of a non-standard gas proration unit in the Jalmat Gas Field, Lea Co. New Mexico. Due to the recent recomple-  
tion of the Ares State # 1-A , section 16 T23S, R36E, as a Jalmat Gas well Hal J. Rasmussen Operating Inc. requests the formation of a 120 acre non-standard gas proration unit consisting of the S 1/2 of the NE 1/4 and the NE 1/4 of the NE 1/4 of section 16, T23S, R36E, Lea Co. New Mexico , and proposes to dedicate this acreage to the Ares State # 1-A, # 2-H, and the # 4-G. The # 2-H and the # 4-G are currently TA'd Jalmat oil wells and HJR proposes to recomplete these in the gas producing sections of the Tansill and the upper Yates.

A plat showing the locations of the above wells and the proposed 120 acre proration unit along with offset operators identified is included. All offset operators have been notified of this application by certified mail and return receipts will be forwarded to Sante Fe when received.

If you have any questions or need any further information please contact Bonita Gilbert at (915) 687-1664.

Sincerely

  
Bonita Gilbert
