Blinebry Oil & Gas Pool
South Brunson Drinkard/Abo Pool
Wantz-Granite Wash Pool

Gentlemen:

Your recently submitted gas/oil ratio test, Form C-116, has been received for the above-referenced well.

The percentage allocation used to calculate the production for this test was incorrect. Order R-8708 approved the addition of the Blinebry zone to this downhole commingled well and you requested the following percentage for each zone by a test dated 9/15/88:

	oil	gas
Blinebry	48%	38% 74%
S.Brunson Drkd/Abo	48%	24%
Wantz GW	4%	2%

On future gas/oil ratio tests, please use the above percentages.

Very truly yours,

OIL CONSERVATION DIVISION
