Re: Triple "A" Federal Well No. 1
Section 10, T-23-S, R-34-E
Lea County, New Mexico

Gentlemen:

Records on file in this office indicate that the subject well is located 1560 feet from the north line and 1830 feet from the west line of Section 10, T-23-S, R-34-E. This location was surveyed and certified by Mr. Schram in 1975. However, two other surveyors have recently surveyed the area for Gas Company of New Mexico and both have shown the well to be at a different location than the one shown in our records.

Due to this discrepancy between the surveyor's plats, we are requesting that you have this location resurveyed and report your findings to this office at the earliest possible date.

Yours very truly,

OIL CONSERVATION DIVISION
