Artesia, New Mexico 88210

New Mexico Oil Conservation Commission
Box 2088
Santa Fe, New Mexico 87501

Attn: Secretary-Director

Dear Sir:

Summit Energy, Inc. respectfully requests administrative approval of the location of the Drinkard Estate No.6 Well. The location of the well is 1807' FNL, 1542' FEL, Section 25-T22S-R37E, Lea County, New Mexico.

The following facts are pertinent to the consideration of this request:

1. The location had to be moved South and East to avoid buried pipelines in the area, to avoid an existing road in the area, and to avoid interference with a present tank battery and equipment.
2. Summit Energy, Inc., owns and operates on the 40 acre tract to the East of the designated and proposed well site.
3. All mineral interests in the 40 acre tract under the Drinkard Estate No. 6 Well and the 40 acre tract to the East are identical.
4. All offset operators have been furnished a copy of this request, plus copies of plats and the intention to drill.

Your prompt and considerate attention to this request will be appreciated.

Sincerely,

Paul G. White
Vice President-Production
