MIDLAND, TEXAS 79701

November 23, 1977

Oil Conservation Commission
State of New Mexico
P. O. Box 1980
Hobbs, New Mexico 88240

Attention: Mr. Jerry Sexton
Supervisor, District 1

Gentlemen:

D. B. Baxter plans to set 8-5/8", 24# casing at 1200' and circulate cement back to surface. At that point a Series 600 double Shaffer manual blowout preventer will be installed.

At T.D. the pipe rams will be changed to accommodate the 4-1/2" oil string.

Completion will be accomplished using a pulling unit at which time we will install a manual blowout preventer with tubing rams.

Very truly yours,

Donald G. Holland
Agent for D. B. Baxter
