Re: Recompletion  
Mark #11-A  
Section 3, T22S, R37E

Gentlemen:

Your intention to recomplete the above-referenced well from the Wantz Abo Pool to the Blinebry Oil & Gas Pool has been approved. However, in order to complete this application, please submit an acreage dedication plat for the proposed Blinebry completion.

If the Mark #11 is completed as an oil producer in the Blinebry O&G Pool it will be necessary for you to have the 120-ac. gas proration unit currently dedicated to the Mark #3 reduced to 80 acres. If the Mark #11 is completed as a gas well in the Blinebry O&G Pool the location will be unorthodox and will require approval prior to assigning a gas allowable to the well.

If you have any questions, please contact Evelyn Downs at 393-6161.

Very truly yours,

OIL CONSERVATION DIVISION
