Re: Reclassification of Well  
Jalmat Pool  
Closson B #24-I Sec. 30, T22S, R36E

Gentlemen:

The recently submitted "special" gas/oil ratio test for the above-referenced well will reclassify the well from gas to oil effective December 1, 1987.

Please submit a revised acreage dedication plat dedicating 40 acres to the oil well completion. Also, before an oil allowable can be assigned, it will be necessary for you to file a C-104 designating an oil transporter.

Please get this requested information to us before November 1, 1987.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton  
Supervisor, District I
