New Mexico Oil Conservation Division
Attn: Michael Stogner
2040 South Pacheco
Santa Fe, NM 87505

Dear Mr. Stogner:

Attached is a copy of an administrative application for NMOCD approval for an unorthodox well location.

With your approval it is our intention to recomplete the Alice Paddock # 8 as a gas well in the Tubb reservoir. The subject well was originally drilled to and produced in the Wantz Granite Wash pool as a standard well location. The proposed recompletion to the Tubb would create an unorthodox well location. If approved the well will be produced as part of the Tubb Oil & Gas field.

Upon completion the subject well would be simultaneously dedicated with the Alice Paddock # 3.

A copy of this application was mailed via certified mail to all affected offset operators.

If you have any questions concerning this application, please contact Mike Howell at (915) 687-7516.

Sincerely,

A handwritten signature in cursive script that reads "A. M. Howell".
