Re: Antelope "LY" Fed. #1

Gentlemen:

Yates Petroleum Corporation is submitting an application to drill a well on State surface. The well will be located in Section 6, T23S-R33E in Lea County.

In a telephone conversation with Mr. Ray Graham, head of the Oil Conservation Division, it was agreed that we would leave the pad and road intact and allow for natural reseeding. And that we would contact the grazer and settle damages with him.

We contacted J. W. Neil, the W. A. Maddox attorney, regarding damages and agreed to compensate W. A. Maddox momentarily for the surface used.

Sincerely,

YATES PETROLEUM CORPORATION
