13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

This sundry notice is filed to request approval to abandon the lower zone (Morrow) of the subject well. The well has a plug in packer above Morrow zone & the Strawn zone is only procing approximately 20 MCFPD. When the price of gas increases, there is a possibility of a workover on the currently producing strawn formation. Spoke with Mr. Joe G. Lara 9:30 am 8-13-02.
