Change of Operator

Gentlemen:

We have made the change of operator from BHP Pet. Co. to J. C. Williamson for the above-referenced well.

However, you will note from the attached C-104 that we show the well as being completed in the West Antelope Ridge-Atoka Pool rather than the Bell Lake Morrow as you indicated. Also, our records indicate the well has been shut in since sometime in 1986, so if you plan to produce the well you will need to designate a condensate transporter and a gas transporter.

Very truly yours,

OIL CONSERVATION DIVISION

Supervisor, District I
