Re: Exception to No Flare Order (R-4870)
Tresnor Federal Well No. 1
Section 30, T23S, R32E
Lea County, New Mexico

Gentlemen:

The Superior Oil Company respectfully requests an exception to the No Flare Order to flare gas from the Tresnor Federal Well No. 1 for a period of 12 months.

The well is currently making 40 MCF PD which is being flared. Because of the small amount of gas being produced we are unable to secure a gas contract.

If additional information is needed please advise.

Yours very truly,

THE SUPERIOR OIL COMPANY

G. E. Tate
Production Superintendent
