Re: Subsequent Plugging Report
Shipman Well #1
Unit G, Sec. 35, T22S, R37E

Dear Clarence:

Your insurance company has again requested the release of the plugging bond covering this well. However, we are unable to release the bond until you have filed a Form C-103 reflecting how and when the well was plugged. We have an intention to plug on file but no subsequent report of work.

Please file this delinquent paperwork so we can check the location and release the bond if the location has been cleaned up.

Very truly yours,

OIL CONSERVATION DIVISION

Supervisor, District I
