Re: Filing of radio-activity and electrical logs

Gentlemen:

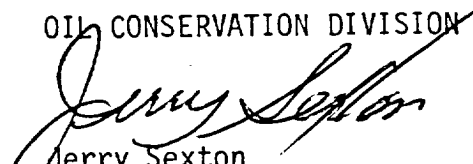

Rule 1105 of the Division's Rules and Regulations requires that one copy of all electrical and radio-activity logs run on a well be supplied to the appropriate district office of the Oil Conservation Division.

As of this date, we have not received this information on the following wells:

State "A"    A/C 3    No. 11-G    10-23-36

Yours very truly,

OIL CONSERVATION DIVISION

  
Jerry Sexton  
Supervisor, District 1

If no logs were run, please make a statement to that effect in the space below. If the logs have been run and will be supplied later, please so indicate.
