Re: Designation of Casinghead Gas Transporter

Gentlemen:

We are returning the C-104's submitted designating a casinghead gas transporter on several wells and request that you resubmit these when you can say the gas is connected and give a connection date.

I am not familiar with Delaware Natural Gas Company, Inc. Is this company a gas transporter or a gas purchaser? The name we want on the C-104 is the gas transporter. - Code (DNG)

Very truly yours,
