RE: RECLASSIFICATION OF WELL  
J.L. Muncy  
#6-I, Sec.24, T22S, R337E

Gentlemen:

According to the recently submitted gas/oil ratio test the above-referenced well will be reclassified from a prorated gas well to an oil well in the Tubb Oil & Gas Pool effective January 1, 1994, and the gas allowable cancelled effective that date.

If for some reason you feel this test does not reflect the proper classification of this well, please submit another test for our consideration by December 21, 1993.

If the well is to be reclassified to oil well in Tubb Oil & Gas Pool, please submit the following:

- 1) Revised C-102 outlining acreage to be dedicated to Tubb oil well
- 2) C-104 showing reclassification from gas well to oil well and designating transporters of oil and casinghead gas.

If you have questions concerning the above, please contact Donna Pitzer at (505) 393-6161.

Very truly yours,

OIL CONSERVATION DIVISION
