Attn: Mr. Michael Stogner

Dear Mr. Stogner:

BTA hereby requests a hearing date of 3-17-94 to present evidence to substantiate our belief that the above referenced wells produce from two different Atoka reservoirs and to request an exception to Rule 104.C(2) to allow simultaneous dedication of the existing 320 acre gas spacing and proration unit.

The Hudson State #2 was recompleted as an Atoka producer on 11-16-93. The Hudson State #1-Y was Shut-In on 11-15-93, per Administrative Order NSL-3125-A.

We are, this date, mailing by certified mail the required "notification of hearing" and waiver requests to all operators and mineral owners on the attached list.

Should further information be required prior to our hearing, please advise.

Sincerely,

DOROTHY HOUGHTON
