12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well was originally planned to have 450' of 14-3/4" hole cased with 11-3/4" casing and 4700' of 11" hole cased with 8-5/8" casing. Cost considerations and a reduction in long term water needs have resulted in a desire for a slim hole well design. We request approval to have 450' of 12-1/4" hole cased with 9-5/8" casing and 4700' of 8-3/4" hole cased with 7" casing.

We still plan to circulate cement on both casing strings.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
