SUBJECT: Undesignated Well Placed in Pool

Gentlemen:

According to the provisions of Division Order R-10427, effective August 1, 1995, your North Bell Lake Federal Well No. 2 located in Unit N of Section 5, Township 23 South, Range 34 East, Lea County, New Mexico, has been placed in the newly created North Bell Lake-Ellenburger Gas Pool. The pool code assigned to the North Bell Lake-Ellenburger Gas Pool is: 96385.

Temporary special rules are assigned to the pool which include the following:

1. A standard proration unit to be 640 acres, consisting of a governmental section.
2. Each well to be located no closer than 1650 feet from the outer boundary of the proration unit nor closer than 330 feet from the quarter/quarter section line.

Further, this order approves the non-standard location for the North Bell Lake Federal Well No. 2, and the original order, NSL-3439, is placed in abeyance.

In order to update our records and bring the well into compliance with the provisions of the order, please submit a new C-102 dedicating a standard unit. *Karen* this well.

Please amend your records to *Pool* merge in pool designation.

Very truly yours

OIL CONSERVATION DIVISION
