

ABSTRACT

On February 8, 1996, Pecos Archeological Consultants (BLM Cultural Use Permit No. 6-2920-94-M, State Blanket Survey Permit No. 95-024) undertook an archeological inventory for a drill location scheduled to be impacted by Texaco Exploration and Production, Inc. This project will be situated on public lands in Lea County, New Mexico. These lands occur in section 18, T23S, R32E, NMPM, Lea County, N.M. A total of 8.1 acres of federal surface ownership were investigated during this project. This project was conducted in 6 man-hours by James E. Hunt. No cultural resources were recorded during this project. Due to the limited nature of the cultural remains within the impact zone, Pecos Archeological Consultants recommending clearance for this project, as planned.
