Re: James Federal "19", for: Harvard Petroleum Corporation
Well No. 1: 660' FSL & 2100' FEL. Sec. 19-T23S-R32E, Lea County

Dear Barry:

Enclosed is a Sundry Report to change the location for the above captioned well.

This is only a 210' move to the west and was staked at the time we looked at all of the wells. The archaeological survey and report covered this location as No. 1A when the original report was mailed in.

There also is a change in the surface casing from 11 3/4" to 13 3/8" because of the lack of availability of the former.

If you have any problems, please let me know.

Yours truly,
ENERGY ADMINISTRATIVE SERVICES CO.

George R. Smith
