RE: Reclassification of Well
Farney, #8-H
Sec. 5-T23S-R36E
Jalmat Tansill Yates SR Pool

Gentlemen:

According to the most recently submitted Gas-Oil-Ratio Test dated 8-3-99, the above-referenced well will be reclassified from a prorated gas well to an oil well in the Jalmat Tansill Yates Seven Rivers Pool effective January 1, 2000, and the gas well allowable cancelled effective that date.

If for some reason you feel this test does not reflect the proper classification of this well, please submit another test for our consideration by September 8, 1999.

If the well is to be reclassified to an oil well in the Jalmat Tansill Yates Seven Rivers Pool, please submit the following:

1. Revised Form C-102, acreage dedication plat, outlining 40 acres for this oil well completion.
2. Form C-104 showing reclassification from gas to oil effective January 1, 2000, and designating change of transporter to oil and casinghead gas.

If you have questions, concerning the above, please contact Nelda Morgan at (505) 393-6161 Ext. 101.

Very truly yours,
OIL CONSERVATION DIVISION

Chris Williams
