(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

April 30, 1997: Tested casing. Copy of chart and report attached.  
Requesting TA approval.

These wells were T&A'd when we acquired them from Conoco, Inc.  
Quay is in the process of recertifying the NEMU as a Tertiary  
Recovery by Micro Emulsion and this well will need to be  
evaluated for productivity after the flood is in progress.  
This is expected to be done the first half of 2000.

TA Approved For 12 Month Period  
Ending 1/24/2001
