RE: Bell Lake Unit 1 Well #4
Unit F, Sec. 6, T24S, R34E
South Bell Lake Atoka Gas Pool

Gentlemen:

According to our records you acquired the above-referenced well from Conoco in June 1992. The last production reported for this well was in 1979. Our new TA policy requires that wells which have not produced in the past year must get approval of a TA status by demonstrating mechanical integrity, be returned to production, or plugged.

Please advise your plans for this well.

Very truly yours,

OIL CONSERVATION DIVISION
