Attention: Jay Cherski

Administrative Order NSL-2722-A

Dear Mr. Cherski:

Reference is made to your application of December 20, 1989 for an unorthodox Jalmat gas well location in an existing non-standard 480-acre gas spacing and proration unit (GPU) for said Jalmat Gas Pool comprising the W/2 and SE/4 of Section 24, Township 23 South, Range 36 East, NMPM, Lea County, New Mexico. Said GPU was authorized by Division Order No. R-9073, dated December 14, 1989 and had dedicated thereon the State "A" A/C-1 Well Nos. 24, 25, 32 and 53 located, respectively, in Units N, F, J and E of said Section 24 to this proration unit.

By Division Administrative Order NSL-2722, dated December 6, 1989, two additional wells, the State "A" A/C-1 Well Nos. 50 and 107, located at unorthodox gas well locations in Units O and L, respectively, were approved for the subject GPU.

It is our understanding that the subject well in this application is currently producing from the Langlie-Mattix Pool, however, said well will be plugged back to the Jalmat Gas Pool upon issuance of this order.

By authority granted me under the provisions of Rule 2(c) of the Special Rules and Regulations for the Jalmat Gas Pool, as promulgated by Division Order No. R-8170, as amended, the following described well located at an unorthodox gas well location is hereby approved:

State "A" A/C-1 Well No. 52
1980' FS & WL (Unit K)
