Mr. Stewart,

I apologize for the confusion on the letter dated August 29, 2000. We need a C-103 Subsequent Report of Plugging and Abandonment (with dates and procedure) or an updated C-103, Notice of Intent - putting the wells back on production, Plug and Abandonment, or Temporarily Abandonment.

We request that you submit a form C-103 of your intent and/or subsequent, with approximate start dates, no later than October 16, 2000. We request that you notify this office 24 hours prior to any operation in order to witness the operation, either repair or plugging and pressure test upon completion of repairs or to request TXA status.

Very truly yours,

OIL CONSERVATION DIVISION
