Re: Reclassification of Well  
Whitten #1-A 33-23-36  
Jalmat-T-Y-SR Pool

Gentlemen:

According to the recently submitted gas/oil ratio test the above-referenced well will be reclassified to an oil well in the Jalmat Pool effective September 1, 1988, and the gas allowable cancelled that date.

As Barbara Noland indicated in her conversation with Evelyn Downs of this office, the test submitted indicates the proper classification of the well.

Please furnish this office with an acreage dedication plat outlining 40 acres for the oil well classification. Also, if the transporters change as a result of reclassification, please submit A c-104 so indicating.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton  
Supervisor, District I
