17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1503.

It is proposed to pull tubing and lay down packer, run tubing and rods. The well will be placed on pump in order that fluid load can be pumped off as needed.

As of the first of December the well will have an under-production figure of 3879 MCF. Permission is requested to return the well to production after completion of above work.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
