Gentlemen:

Application is hereby made on behalf of Harris & Walton for administrative approval of a 40-acre non-standard Jalmat Gas Proration Unit to comprise the NW/4 SW/4 of Section 34, Township 23 South, Range 36 East to be dedicated to B. Davis well No. 1, located 1650 feet from the South line and 330 feet from the West line of said Section 34. Application is also made for approval of the unorthodox location of the B. Davis No. 1.

The subject well was originally drilled by Atlantic Richfield Company and plugged and abandoned August 30, 1968. The well was re-entered February 24, 1969 and completed as a Jalmat Oil well. Remedial work performed September 15, 1975 resulted in the production of gas only.

Attached is a plat showing the location of the B. Davis No. 1 and the offset operators. Offset operators have been furnished a copy of this application and plat by certified mail.

Yours very truly,

OIL REPORTS AND GAS SERVICES, INC.
