Dear Mr. Yarbrough:

We are enclosing New Mexico OCC Form No. C-101 in triplicate and one copy of USGS Form 9-331a, being notice of intention to drill our subject well in Section 34, T23S, R36E, Lea County, New Mexico. We have compiled these forms in accordance with our understanding of the rules and regulations; however, should we be in error in preparing this form we will appreciate your advising us by telegram collect as we are very desirous of beginning operations on this well immediately.

We appreciate your cooperation in sending us a copy of New Mexico Oil Conservation Commission Rules and Regulations and the forms normally required by you for drilling and completing a well. In order for us to properly advise other parties interested in the drilling of this well we would like for you to send us an additional supply of Forms C-101, C-102, C-103 and C-105. Six additional copies of each should serve our purpose.

Very truly yours,
GREENBRIER OIL COMPANY
