Gentlemen:

Effective July 1, 1972, your Vaughn B-3 Well No. 2 located in Unit D of Section 3, T-24-S, R-36-E, will be reclassified as a gas well in the Jalmat Gas Pool due to the recently submitted gas-oil ratio test, and the oil allowable will be cancelled effective that date.

Please advise this office when you have complied with the provisions of Commission Order No. R-1670 pertaining to the Jalmat Gas Pool so that a gas allowable can be assigned for the well.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey

OIL CONSERVATION COMMISSION

HOBBS, NEW MEXICO 88240

Dear Sir:

Enclosed

is a copy of the report of the Oil Conservation Commission for the year 1964. The report contains a detailed analysis of the oil resources of the State of New Mexico and a plan for the conservation of these resources.

The report is a valuable document which should be read by all interested parties. It contains a great deal of information which is essential for the development of the oil industry in New Mexico.

Very truly yours,

W. A. R. R. R.
