Gentlemen:

Following is a Notice of Intention to do certain work as described below at the Clara T. Scott and First

National Bank in Dallas, Trustee - Vaughn B-3
(Company or Operator)

Well No. 1 in F
(Unit)

SE 1/4 NW 1/4 of Sec. 3, T. 24S, R. 36E, NMPM, Jalnet Pool
(40-acre Subdivision)

County.

FULL DETAILS OF PROPOSED PLAN OF WORK
(FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS)

This well has been shut in since a workover in 1950 resulted in a hole full of water. Reports indicate the well was perforated from 3432 to 3457 feet at that time. Numerous previous workovers had been tried on the well in almost all zones from T.D. in the Seven Rivers through the Yates section.

We plan to plug back to about 3300 feet and perforate the upper Yates section from 3060 to 3186 feet with 212 "E" gun bullets. The perforated section will then be fraced with 10,000 gallons in an effort to make a commercial gas well.
