Humble Oil & Refining Co.,
McCamey, Texas;

Att: Mr. Barbour.

Dear Sir:

Refer to your letter of the 20th together
with your Notice of Intention to Change Plans
on your J. L. Coates #1 well.

This plan change has been approved sub-
ject to the: SPECIAL REGULATIONS FOR DRILLING AND
CASING WELLS IN LEA COUNTY, NEW MEXICO, EXCLUSIVE
OF THE HOBBS AND LEA FIELDS; as adopted August 1,
1934.

It will be necessary that you follow one
of the programs which will assure a continuous
cement job from the top of the main salt to the
surface. There are several approved methods out-
lined in the special regulations.

Very truly yours,

J. D. Hunter,
State Oil & Gas
Inspector.
