Hobbs, New Mexico

Attention: Roy C. Yarbrough

Dear Sir:

We are the operators of Unit E, being the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 10, Township 24 South, Range 36 East, N.M.P.M., and have just learned that the Am. Mex Oil Corporation have off-set this unit on the NE corner. We understand that the location is 238' out of the SW corner of their unit.

We are writing to learn what actual distance this well is located from our property line, and if the location is less than 330', which we understand to be regular, under what theory was a closer location granted.

Thanking you for the above information, we are

Very truly,

WELCH & WHITE
