Mr. C. V. Welch Welch & White First National Bank Building Breckenridge, Texas

Dear Mr. Welch:

In reply to your letter of June 28, 1949, the location in question is 990° from the north line and 1650° from the west line of Sec. 10, T. 24S, R. 36E, Unit C. As you state we do not grant locations closer than 330°. However, unless there was a mistake made in surveying the mocation this is a 330 location and has been approved by the Commission.

If you have information which you think would justify our checking this location further please advise and we will check to see for sure the well is in the location they gave us.

Very truly yours,

Oil Conservation Commission
