

# OIL CONSERVATION COMMISSION

## Santa Fe, New Mexico

### MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL	
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF CASING SHUT-OFF		REPORT ON DEEPENING WELL	
REPORT ON RESULT OF PLUGGING OF WELL		Connect Outside Gas and Install Flow Valves.

CHAPTER 10

The first part of the chapter discusses the importance of maintaining accurate records of all transactions. This is essential for the proper management of the business and for the preparation of financial statements. The second part of the chapter discusses the various methods of accounting, including the double-entry system, which is the most widely used method. The third part of the chapter discusses the various types of accounts, including assets, liabilities, and equity accounts. The fourth part of the chapter discusses the various types of transactions, including sales, purchases, and transfers. The fifth part of the chapter discusses the various types of errors, including clerical errors, and the methods of correcting them. The sixth part of the chapter discusses the various types of financial statements, including the balance sheet, the income statement, and the statement of cash flows. The seventh part of the chapter discusses the various types of taxes, including income taxes, and the methods of calculating them. The eighth part of the chapter discusses the various types of insurance, including life insurance, and the methods of selecting them. The ninth part of the chapter discusses the various types of investments, including stocks and bonds, and the methods of evaluating them. The tenth part of the chapter discusses the various types of loans, including mortgages, and the methods of repaying them.
