

NEW MEXICO STATE LAND OFFICE
SANTA FE, NEW MEXICO

DEPARTMENT OF THE STATE GEOLOGIST
NOTICE OF INTENTION TO TEST WATER SHUT-OFF

Notice must be given to the State Geologist or to the proper Oil and Gas Inspector at least five days before the test. It is desirable that a representative of the Department of the State Geologist witness the water shut-off before drilling into the productive sand whenever possible. If changes in the proposed plan are considered advisable, a copy of this notice showing such changes will be returned to sender. Submit this notice in triplicate.

Hobbs, N. Mex., April 8, 1935, 19

Mr. E. H. Wells

State Geologist,
Santa Fe, New Mexico.

Dear Sir:

You are hereby notified that we intend to test the shut-off of water in Isbell

It is requested that a representative of the Department of the State Geologist be present at the meeting to receive the specimens and to make arrangements for their storage. It is also requested that a representative of the Department of the State Geologist be present at the meeting to receive the specimens and to make arrangements for their storage. It is also requested that a representative of the Department of the State Geologist be present at the meeting to receive the specimens and to make arrangements for their storage.

1. The first of these is the fact that the water in the
lake is very shallow, and the bottom is very soft.
2. The second is the fact that the water is very
warm, and the bottom is very soft.
3. The third is the fact that the water is very
shallow, and the bottom is very soft.
