Dear Mr. Wilbur:

I wrote you yesterday from Midland and also wrote the Oil Conservation Commission in New Mexico, asking them to correct the Form C-110 which we filed, changing the initial of our Isbell lease from J. L. to J. F. However, on getting back to Dallas and checking my records here, I find that Mr. Clarence Hinkle of Harvey, Dow & Hinkle, who has just finished examining the title of this property, has this lease listed in his opinion under the name of J. L. Isbell and all of the correspondence from Amerada also lists the initial as J. L.

Will you please, upon receipt of this letter, examine your records again, including the assignment prepared and executed by the Amerada to Kan-Mex and the Division Order which was prepared in Amerada's Tulsa office by Mr. Lancaster, and see if it does not refer to this lease as the J. L. Isbell. We should be able to and I am sure we can get this exactly right and now is the best time.

Yours very truly,

KAN MEX CORPORATION

INSTRUCTIONS

This form shall be executed and filed in quadruplicate with the Oil Conservation Commission at Santa Fe, New Mexico, covering each unit from which oil is produced. A separate certificate shall be filed for each transporter authorized to transport oil from a unit. After said certificate has been approved by the Oil Conservation Commission, one copy shall be forwarded to the transporter, one copy returned to the producer, and two copies retained by the Oil Conservation Commission.

A new certificate shall be filed to cover each change in operating ownership and each change in the transporter, except that in the case of a temporary change in the transporter involving less than the allowable production for one month the operator shall in lieu of filing a new certificate, notify the Oil Conservation Commission at Santa Fe, New Mexico, and the transporter authorized by certificate on file with the Commission, by letter of the estimated amount of oil to be moved by the transporter temporarily moving oil from the unit and the name of such temporary transporter and a copy of such notice shall also be furnished such temporary transporter. Such temporary transporter shall not move any more oil than the estimated amount shown in said notice.

This certificate when properly executed and approved by the Oil Conservation Commission shall constitute a permit for pipe line connection and authorization to transport oil from the property named therein and shall remain in full force and effect until

- (a) Operating ownership changes
- (b) The transporter is changed or
- (c) The permit is cancelled by the Commission

If any of the rules and regulations of the Oil Conservation Commission have not been complied with at the same time this report is filed, explain fully under the heading "REMARKS."

In all cases where this certificate is filed to cover a change in operating ownership or a change in the transporter designated to move oil, show under "REMARKS" the previous owner or operator and the transporter previously authorized to transport oil.

A separate report shall be filed to cover each producing unit as designated by the Oil Conservation Commission.
