

NEW MEXICO STATE LAND OFFICE  
SANTA FE, NEW MEXICO

DEPARTMENT OF THE STATE GEOLOGIST  
NOTICE OF INTENTION TO TEST WATER SHUT-OFF

Notice must be given to the State Geologist or to the proper Oil and Gas Inspector at least five days before the test. It is desirable that a representative of the Department of the State Geologist witness the water shut-off before drilling into the productive sand whenever possible. If changes in the proposed plan are considered advisable, a copy of this notice showing such changes will be returned to sender. Submit this notice in triplicate.

Hobbs N. Mex., Oct. 7, 1934

Mr. E. H. Wells

State Geologist,  
Santa Fe, New Mexico.

Dear Sir:

You are hereby notified that we intend to test the shut-off of water in S. R. Cooper

## NOTICE OF INTENTION TO TEST WATER SHUT-OFF

### DEPARTMENT OF THE STATE GEOLOGIST

Notice is hereby given that the water shut-off test will be conducted on the property of the State of New York, and that the results of the test will be published in the State Geological Survey Bulletin. The purpose of the test is to determine the effect of the water shut-off on the production of oil and gas from the property. The test will be conducted on the property of the State of New York, and the results of the test will be published in the State Geological Survey Bulletin.

Very truly yours,  
N. J. M. M.

State Geologist  
New York State Geological Survey  
Albany, New York
