Re: R. L. Gates #1-D
Sec. 23, T24S, R36E
Jalmat Pool

Dear Mr. Ford:

Your letter concerning El Paso's shutin of the above well for approximately two months has been received. I believe that El Paso has been working with operators whenever possible to let them flow the well one day a month when it is a one-well lease. I suggest you contact El Paso concerning this and see if they will permit you to produce the well one day per month.

In the event that El Paso refuses to accommodate you in this matter, please let me know and I will consider the possibility of permitting you to flare in order to protect your lease agreement.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I

Box 1980
Hobbs, New Mexico 88240

Dear Sir:

In accordance with El Paso Natural Gas, on September 15, 1986 the R. L. Gates #1-D for World-wide Energy Corporation was shut in for approximately two months.

We are filing for lease protection until gas purchases resume.

This is a single well lease:

R. L. Gates #1
S-23 T24S R36E
Lea County New Mexico

Sincerely,

A handwritten signature in cursive script, appearing to read "David Ford", written in dark ink.
