Re: Loase Las Grases 069213

Gentlamen:

Receipt is acknowledged of "Notice of Intention to Drill" dated July 8, 1957, covering your well Nee 3 Sand Hills Unit on the subject issuehold in the SW SEL sec. 8, T. 26 S., R. 36 S., N.M. P.M., Wildont, Las County, New Mexico.

Your proposed work is approved subject to compliance with the provisions of the "Oil and Gas Operating Regulations" revised May 25, 1942, eepy of which will be furnished you on request, and subject to the following condition:

1. Drilling operations so authorized are subject to the attached shoet (revised Pobruary 1955) for general conditions of approval.

Very truly yours,

T. B. Golfrey Acting District Engineer

HOSES. NEW MENT

This is to certify that the information in Section A above is true and complete to the best of my knowledge and belief.

This is to certify that the well location shown on the plat in Section B was plotted from field notes of actual surveys made by me or under my supervision and that the same is true and correct to the best of my knowledge and belief.

Date Surveyed

Registered Professional Engineer and/or Land Surveyor.

Certificate No._

Section.B

INSTRUCTIONS FOR COMPLETION:

- 1. Operator shall furnish and certify to the information called for in Section A.
- 2. Operator shall outline the dedicated acreage for both oil and gas wells on the plat in Section B.
- 3. A registered professional engineer or land surveyor registered in the State of New Mexico or approved by the Commission shall show on the plant the location of the well and certify this information in the space provided.
- 4. All distances shown on the plat must be from the outer boundaries of Section.
- 5. If additional space is needed for listing owners and their respective interests as required in question 3, Section A, please use space below

* "Owner" means the person who has the right to drill into and to produce from any pool and to appropriate the production either for himself or for himself and another. (65-3-29 (e) NMSA 1953 Comp.)
