Gentlemen:

A check of the file for your E. F. King No. 2 in Unit H and No. 3 in Unit A of Section 5, T-23-S, R-37-E indicates that you have not as yet made application for a No-Flare Order for these wells although you were notified by form letter that it would be necessary for you to obtain one.

You are hereby directed to make application to the office of the Commission in Santa Fe within the next ten days for a No-Flare Order unless a gas connection has been made, in which case you must file Form C-110.

Failure to comply will result in allowable cancellation.

Yours very truly,
