

OIL CONSERVATION COMMISSION

HOBBS, NEW MEXICO

January 10, 1958

Skelly Oil Co.
Box 38
Hobbs, New Mexico

Gentlemen:

Our records indicate that you have not as yet complied with the request made by form letter dated October 1, 1957 that you obtain either a No-flare Order or a casinghead gas connection for your Harrison "B" No. 3 in Unit I of Section 5, T-23-S, R-37-E by December 15, 1957.

Please be advised that unless you have either made application for the No-flare Order or filed Form C-110 showing a casinghead gas connection by January 15, 1958 the allowable for this well will be cancelled.

Yours very truly,

OIL CONSERVATION COMMISSION

MISSISSIPPI OIL CONSERVATION COMMISSION
TUBBIE NEW MEMPHIS

The Commission has received information from the Mississippi Department of Transportation that the Mississippi Department of Transportation has been awarded a contract by the Federal Highway Administration to construct a new highway bridge over the Mississippi River at Memphis, Tennessee. The bridge is to be constructed on the east side of the river, between the city of Memphis and the city of Bartlett, Tennessee. The bridge is to be a two-lane bridge with a total length of approximately 1,000 feet. The bridge is to be constructed of steel and concrete. The bridge is to be constructed by the Mississippi Department of Transportation. The bridge is to be constructed by the Mississippi Department of Transportation. The bridge is to be constructed by the Mississippi Department of Transportation.
