Hobbs, New Mexico

September 11, 1946

OIL CONSERVATION COMMISSION,  
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the \_\_\_\_\_

SKELLY OIL CO. E. L. Stealer Well No. 2 in NE/4 NE/4  
Company or Operator Lease  
of Sec. 17, T. 23S, R. 37E, N. M. P. M., Penrose-Skelly Field.  
Lea County.

## FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

As your office was advised on Form C-105, on June 22, 1945, this well was temporarily abandoned at a total depth of 7200' as a dry hole, plugging being done in accordance with the rules and regulations of the New Mexico Oil Conservation Commission. It is now planned to go into this hole, drill cement out of the 7" casing and to the present total depth, and deepen the well to approximately 10,000' and if, between the present total depth and 10,000', oil is discovered in commercial quantities, well will be completed. If oil is found of sufficient quantity to make a worthwhile producer, it is our intention to run and cement a string of 5 1/2" OD extreme line casing to the total depth, whatever that depth might be, and cement by Halliburton Process. Cementing of casing will be, as will all other work done on this well, in accordance with the existing rules and regulations of the New Mexico Oil Conservation Commission. Present casing in well is: 13-5/8" at 255'; 9-5/8" at 3881'; 7" at 7198'.

Approved \_\_\_\_\_, 19\_\_\_\_  
except as follows:

For further information please refer to Form C-105, 6/22/45, filed on this well.

OIL CONSERVATION COMMISSION,

By Roy Yarbrough  
Title Oil & Gas Inspector

By J. A. Stealer  
Position District Supt.  
Send communications regarding well to  
Name Skelly Oil Co.  
Address Hobbs, New Mexico

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the transparency and accountability of the organization. This section also outlines the various methods used to collect and analyze data, ensuring that the information is reliable and up-to-date.

2. The second part of the document focuses on the implementation of the proposed changes. It details the steps involved in the process, from the initial planning stage to the final execution. This section also addresses the potential challenges that may arise during the implementation phase and provides strategies to overcome them.

3. The third part of the document discusses the impact of the proposed changes on the organization. It highlights the expected benefits, such as improved efficiency and cost savings, and also addresses the potential risks and drawbacks. This section also provides a timeline for the implementation of the changes, allowing the organization to plan accordingly.

4. The fourth part of the document discusses the role of the various departments in the implementation of the proposed changes. It outlines the responsibilities of each department and provides a clear understanding of how they will work together to achieve the organization's goals. This section also discusses the importance of communication and collaboration between the different departments.

5. The fifth part of the document discusses the importance of monitoring and evaluating the progress of the implementation. It outlines the various methods used to track progress and provides a clear understanding of how the organization will know when it has successfully implemented the changes. This section also discusses the importance of flexibility and the ability to adapt to changing circumstances.

6. The sixth part of the document discusses the importance of training and development for the staff. It outlines the various methods used to provide training and development opportunities and provides a clear understanding of how the organization will ensure that its staff are equipped with the necessary skills and knowledge to successfully implement the proposed changes. This section also discusses the importance of ongoing training and development to keep the staff up-to-date with the latest industry trends and technologies.

7. The seventh part of the document discusses the importance of communication and public relations. It outlines the various methods used to communicate with the public and provides a clear understanding of how the organization will ensure that its message is clear and consistent. This section also discusses the importance of transparency and the ability to respond to public concerns.

8. The eighth part of the document discusses the importance of the organization's financial health. It outlines the various methods used to manage the organization's finances and provides a clear understanding of how the organization will ensure that it remains financially sound. This section also discusses the importance of budgeting and the ability to adapt to changing financial circumstances.

9. The ninth part of the document discusses the importance of the organization's reputation. It outlines the various methods used to manage the organization's reputation and provides a clear understanding of how the organization will ensure that its reputation remains positive. This section also discusses the importance of monitoring and evaluating the organization's reputation and the ability to respond to negative feedback.

10. The tenth part of the document discusses the importance of the organization's future. It outlines the various methods used to plan for the future and provides a clear understanding of how the organization will ensure that it remains competitive and successful. This section also discusses the importance of innovation and the ability to adapt to changing market conditions.
