Gentlemen:

Comes now the Western Natural Gas Company, with the main office in Houston, Texas, and a division office in Midland, Texas, who by this letter of application wishes to make the following statements:

- a. Western Natural Gas Company is the sole owner of an oil and gas lease consisting of the South One Half of Sec. 19, T-23S, R-37-E, Lea County, New Mexico known as the E. L. Steeler et al Lease.
- b. That the Western Natural Gas Company's E. L. Steeler #2 is to be located 1650' from the West line and 990' from the South Line of Sec. 19, T-23-S, R-37-E.
- c. That the Applicant, Western Natural Gas Company, does plan to complete the subject well in the following manner:

WOBBS OFFICE 000

201 JUN 25 AM 11:10

1. Set 5 $\frac{1}{2}$ " OD casing below the top of the Queens formation at an approximate depth of 3425'.
 2. Complete the oil producing Queens formation in open hole below the 5 $\frac{1}{2}$ " casing at a total depth of approximately 3650'.
 3. Set a Brown Oil Tool Packer at approximately 3300' to segregate the two producing zones.
 4. Perforate the 5 $\frac{1}{2}$ " OD casing in the Yates and Seven Rivers section within the vertical limits of the Langmat Gas Pool.
 5. Produce the Langlie-Mattix Oil through the tubing and the Langmat gas through the tubing casing annulus.
- d. That the method and manner in which the applicant proposes is both mechanically feasible and practical.
 - e. That all rules and regulations set out by the New Mexico Oil Conservation Commission will be complied with, both in the completion and operation of this well.
 - f. That a diagrammatic sketch of the proposed operation and a plat of the area showing the location of the well and its relation to all offset operators is hereto attached, complete and accurate to the best of our knowledge.
 - g. That all offset operators are hereby notified by a copy of this application.

Therefore, applicant prays the Commission grant permission to dual complete the subject well, as proposed in this application,
