Gentlemen:

The Commission requires that Form C-103 be filed at six month intervals indicating status and future plans for all temporarily abandoned wells. No reports have been filed, however, for your Steeler "A" No. 2 located in Unit M of Section 20, T-23-S, R-37-E since November, 1957 when Form C-103 was filed stating that the well was temporarily abandoned after an attempted re-entry.

Since the re-entry was unsuccessful, this office sees no reason that the well should not be plugged, and we are requesting that this be done at your earliest convenience. Please file appropriate forms stating your intention in this regard.

Yours very truly,

OIL CONSERVATION COMMISSION
