17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

In October, 1974, the New Mexico Oil Conservation Commission approved temporary abandonment of this well until October 1, 1975. The high water production and low oil production made it uneconomical to operate. It is now planned to convert this well to water injection in the first quarter of 1976. Skelly Oil Company respectfully requests that a one year extension to temporarily abandon this well be granted administratively as per New Mexico Oil Conservation Commission Order No. R-5019.

*Expires 10-1-76*

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
