Re: Recompletion to Jalmat T-Y-SR Pool  
J.C. Johnson #5-C  
Sec. 20, T23S, R37E

Dear Merch:

The recompletion of the above-referenced well from the Langlie Mattix to a Jalmat oil well will require that the 320-acre NSP-559 be reduced to 280 acres.

An oil allowable is being assigned to the #5 well and you should make application to our Santa Fe office for the reduction of NSP-559 to 280 acres as soon as possible.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton  
Supervisor, District I
