

OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below.

Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the transparency and accountability of the organization. This section also outlines the various methods used to collect and analyze data, ensuring that the information is reliable and up-to-date.

2. The second part of the document focuses on the financial aspects of the organization. It provides a detailed breakdown of the budget, including income and expenses, and discusses the strategies used to manage the funds effectively. This section also includes a comparison of the current financial performance with the previous year, highlighting the areas of improvement.

3. The third part of the document addresses the operational challenges faced by the organization. It identifies the key areas where resources are being allocated and discusses the measures taken to optimize the use of these resources. This section also includes a list of the major projects and initiatives that are currently underway, along with the expected outcomes.

4. The fourth part of the document discusses the human resources of the organization. It provides a detailed overview of the staff, including their qualifications, experience, and performance. This section also includes a discussion of the training and development programs that are in place to ensure that the staff is equipped with the necessary skills to perform their duties effectively.

5. The fifth part of the document discusses the legal and regulatory requirements that the organization must comply with. It provides a detailed overview of the relevant laws and regulations, and discusses the measures taken to ensure that the organization is in full compliance. This section also includes a list of the major legal and regulatory issues that the organization is currently facing, along with the proposed solutions.

6. The sixth part of the document discusses the environmental and social responsibilities of the organization. It provides a detailed overview of the organization's policies and procedures in this regard, and discusses the measures taken to ensure that the organization is operating in a sustainable and socially responsible manner. This section also includes a list of the major environmental and social issues that the organization is currently facing, along with the proposed solutions.

7. The seventh part of the document discusses the future prospects of the organization. It provides a detailed overview of the organization's strategic vision and goals, and discusses the measures taken to ensure that the organization is well-positioned to achieve these goals. This section also includes a list of the major opportunities and challenges that the organization is currently facing, along with the proposed solutions.

8. The eighth part of the document discusses the conclusion of the report. It summarizes the key findings of the report and provides a final assessment of the organization's performance. This section also includes a list of the major recommendations that have been made, along with the proposed solutions.
