Re: Travis Well #1-I Section 21, T23S, R37E

Gentlemen:

In an effort to clear our records of all wells carried under Petro Lewis Corporation, we found the above well still listed as belonging to Petro Lewis. We wrote to them requesting a status report on the well and they advised the Travis #1 had been sold to Kirby along with the Travis #2 and #3 in July 1984.

Kirby filed a change of operator on the #2 and #3 but evidently the #1 was inactive and a change of operator Form C-104 was not filed. If you concur with Petro Lewis's statement, please file Form C-104 for the Travis #1 in order that our files will reflect the proper operator of the well.

If you have further questions concerning this, please contact Evelyn Downs at (505) 393-6161.

Very truly yours,

OIL CONSERVATION DIVISION

Attn: Jerry Sexton Supervisor, District I

Dear Sirs:

RE: Trawis #1-I, Sec. 21, T23S, R37E and New Mexico 85 #1-J, Sec. 28, T14S R34E

With reference to your July 23, 1987 letter to our Denver office please be advised that the Travis #1,2 and 3 wells were sold to Kirby Exploration, 1717 St. James Place, Suite 500, Houston, Texas 77251, effective July 1, 1984.

Our Land Department is checking the status of New Mexico 85 #1-J, as operations personnel seemed to think the state had taken over this lease. You will hear further from them as soon as this can be checked out.

Yours very truly,

Mary H. Ferrers MARY H. LEWIS Regulatory Compliance Section

> New Mexico 85 #1-J Section 28, T14S, R34E

Gentlemen:

We have recently processed a change of operator on all Petro-Lewis wells in our district to Graham Royalty Ltd. with the exception of the two wells listed above. Graham Royalty advises us they did not acquire these wells.

It is noted that both wells are inactive. Please file a C-103 advising the status and future plans for these wells.

Very truly yours,

OIL CONSERVATION DIVISION
